## Stumbled upon UX while bringing my ideas to life, and now I breathe it.

### EXPERIENCE

#### Freelancing

Nov 2021 - Present . Remote

Worked solo as well as with a senior designer taking international clients. Learned a lot about UX research and how to quickly get things done in an effective manner.

#### UI/UX Intern — Daastan

Mar 2022 - July 2022 . Remote

Did a full revamp of the company’s website which included landing pages, an online store, and their admin & customer portal.

#### UI Designer — FAST Developer’s Society

Sept 2021 - May 2022 . Islamabad

Worked as a solo UI designer with a team of developers to design, prototype and somewhat develop the cafeteria app for our university.

#### Game Designer — FAST Developer’s Society

Jan 2021 - Jun 2021 . Islamabad

Designed all 3D assets including a map for a fantasy 3rd person desktop game.

### Awards & Certifications

#### Google UX Design Certification

Completed in May 2022

#### UX Design Program - IEC

Completed in May 2022

#### UI/UX Mobile Design Competition — 1st Place

21 May, 2022 at NaSCon 22, FAST Islamabad

### EDUCATION

#### Bachelors in Computer Science

FAST Islamabad . Aug 2020 - Aug 2024 (expected)

### PROJECTS

#### Redesigning Flex - A Student Portal

Feb 2022 - March 2022 . 1 Month

Redesigned the student portal, ‘Flex’ of FAST after noticing the ton of UI & UX issues it had. After extensive research involving other students, I came up with a new platform.

#### TravelBuddy - A Car-pooling App

Jun 2022 - Jul 2022 . 2 Weeks

Started from scratch all the way to the high-fidelity designs. Solved the main problem of security while car-pooling in Pakistan through researching competitors and users. Currently under development.

Prototype link available on request
